# Accommodation

Accommodation can be booked at the end of the registration process; the accommodation direct booking links will be included in the confirmation email. The ISPRS Congress Secretariat (International Conference Services Ltd.) is the official housing bureau for ISPRS 2026 and will help with the coordination of housing requirements for the Conference. We have negotiated special room rates with hotels near the Metro Toronto Convention Centre. Special rates and added complimentary amenities are only available to delegates who book through the official housing bureau.

**If you have a group of 10 or more that you would like to register or book accommodation for, please contact us at [isprs2026-registration@icsevents.com](mailto:isprs2026-registration@icsevents.com)**

**WARNING:** *We are aware that illegitimate companies are targeting our exhibitors, calling to 'offer' to set you up with accommodation. These companies are often fraudulent and are not affiliated with the event. The only way to book accommodation will be through the links that will be provided in your registration confirmation email.*

**Note:** Although the ISPRS Congress and the housing bureau will do their due diligence and negotiate the lowest possible group rates, we cannot predict future specials hosted by competing hotels. However, we urge all sponsors, exhibitors and delegates to support the Congress and book through the official housing bureau. The success of the Congress and the supporting associations depends on you using the contracted hotels.

The ISPRS Congress Secretariat and its supporting organisations cannot meet the contracted room obligations if sponsors, exhibitors and delegates book outside the official housing bureau. Rooms that are not filled because of that create an expense for the Congress in form of financial penalties (attrition charges) and place the financial success of the Congress at risk, which increases with each delegate, exhibitor and sponsor not booking through the official housing bureau.

# Advertisements, Sales Activities and Presentations

The exhibitor agrees to confine all products/ service demonstrations and other sales activities to the limits of the contracted exhibit space and within the maximum height set. Distribution of any material is likewise limited to the confines of their exhibit space. Exceptions may be given by the ISPRS Congress Secretariat prior to show opening in writing.

The use of games of chance, lottery devices, musical instruments and other sideshow practices is permitted only with written permission of the ISPRS Congress Secretariat and must comply with local city regulations and requirements.

The use of amplifiers, musical performances and any other sound generating equipment - even for advertising purposes - requires advanced written approval as well. Noisy demonstrations may be restricted or prohibited after permission if such demonstrations are considered a disruption of the general order of the event. **Approval must be requested by filling out the [Booth Entertainment Form](#). Please contact us by 4 June 2026 at [isprs2026-fulfillment@icsevents.com](mailto:isprs2026-fulfillment@icsevents.com) with the completed form.**

Flashlights and revolving light equipment are prohibited. Lights from one exhibit should not disturb or damage other booths. Exhibitors are not allowed to carry items, signboards and brochures for recruitment purposes.

# Giveaways

Giveaways should be educational in nature and must be pre-approved. Distribution of pre-approved educational material is limited to contracted exhibit space only. It is recommended to await approval from the ISPRS Congress Secretariat prior to production and shipment of any congress-related giveaways. Permission to hand out Giveaways may be restricted or prohibited after permission if such giveaway is considered a disruption of the general order of the event. **Approval must be requested by filling out the [Giveaways Form](#).
